ORDINANCE NO. 2022-623 (v1.1)

COVID-19 EMERGENCY ORDINANCE FOR FACE COVERINGS

**A TEMPORARY EMERGENCY ORDINANCE OF THE TOWNSHIP OF
PATTON, CENTRE COUNTY, PENNSYLVANIA TO REQUIRE THE
WEARING OF FACE COVERINGS TO REDUCE THE RISK OF
TRANSMISSION OF THE COVID-19 VIRUS**

Legislative History

The Township of Patton (“Patton Township”) is currently experiencing a pandemic as a result of the sharp and aggressive spread of the COVID-19 virus within Patton Township. Given that, at present, the only method available to slow the rate of infection is to limit exposure and since COVID-19 poses a risk of incapacitation and death to those who contract the disease, the measures described herein are an attempt to reduce infection rates, intended to minimize risk to the public health, and reduce pressure on healthcare providers and pharmaceutical supplies by lowering the rate and risk of infection. The purpose of the within Ordinance is to clarify what is required going forward during the pandemic period.

The intent of this Amended Ordinance is to limit community risk during the COVID-19 public health emergency by empowering authorized enforcement personnel to enforce the behavioral modification and limitations as expressed herein that serve to protect, preserve and promote health, safety, and welfare for the residents, employees, and visitors to the Patton Township.

NOW, THEREFORE, be it ordained by the Patton Township Board of Supervisors of the Township of Patton, Centre County, Pennsylvania as follows:

Hi,

I just heard that Patton is fining people for not wearing masks. Is this true? If so, you can be sure that I will be doing ALL of my shopping elsewhere. I'll drive to Altoona if necessary. You people need to (1) do your research--the cloth masks are medically worthless; and (2) remember that this is America, not North Korea. Your panic porn is getting REALLY OLD.

Hello

I have been a resident of Patton Twp for 17 years.

I am writing in regards to the vote on the mask mandate.

I will no longer shop or patronize restaurants in Patton Twp if the mask mandate is put into place. Will it be inconvenient? Yes but very worth it.

This pandemic is never going away.

Mask mandates do not help.

If my breath was so hazardous, why aren't there specific hazard bins to put my mask in when I am done wearing it?

Science Says Healthy People Should Not Wear Masks

- Masks **reduce intake of oxygen**, leading to carbon dioxide toxicity
- Germs are trapped near your mouth and nose, **increasing risk of infection**
- Wearing a mask causes you to **touch your face more frequently**
- There is **no scientific evidence** that supports healthy people wearing masks
- Masks **obscure your facial features** and impede normal social interaction
- Masks make it **hard for hearing-impaired people** to understand you
- Masks **symbolize suppression of speech**

So I hear you are going to in force the mask issue again well let me tell you if you do people are not going to be shopping at Best Buy, Home Depot, and Lowe's this is not a law it's only a mandate that you will try to reestablish again. The numbers are fake that the hospital is reporting they are not overwhelmed and there's also issues with people that cannot wear mask and cannot get vaccinated and whose who got vaccinated you're still making them diaper up we have our rights just as well as other people again this is not a law and you're going to be hurting the businesses in your state college area as we did before we will go outside the area to shop and see how that helps the businesses in this area. How are you going to enforce this you weren't able to enforce them before again we have medical issues that we we cannot wear mask and we have medical issues that will not allow us to get a vaccination and I am not killing myself for a state college area that wants to be so democratic and liberal you need to think of about this again and let the mask issues up to the individual people.

I do not live in Patton Twp. but shop and frequent many businesses in Patton Twp.

I usually shop at Kohl's, Wegman's and Target at least once a week. I have not shopped in person anywhere since Dec. 16, 2021, including these stores, because of the lack of mask wearing by employees and shoppers. I also have not dined in person either because of the same concerns about the Omicron variant being transmissible.

I've been shopping on line or using curbside pickup for groceries and will continue to do so unless municipalities help keep shoppers, diners and business employees safe during this surge of the Covid virus.

Please pass the masking ordinance proposed for Patton Township.

With the pandemic still raging and the local emergency rooms at near capacity, it is important to take this very reasonable measure to protect the public health.

It's also vital that the ordinance be enforced by the police, not simply left to the discretion and uncertain resources of local businesses.

I understand that the police have heretofore chosen, instead, a policy of "education." That policy may have made sense two years ago, when the pandemic was new. Now, lack of compliance clearly cannot be blamed on ignorance, and it is a threat to the public health.

Thank you for your consideration.

Dear Board Members,

I am writing you to express my opinion that mandating mask wear by all citizens in public in Patton Township is an unnecessary intrusion.

All residents now have access to vaccines and boosters and NK95 masks. If any individual is still concerned about Covid, they can easily be vaccinated and boosted and, if still insecure, can add additional protection to themselves by wearing an NK95 mask.

At the beginning of the pandemic, "protective" masks like N95 and NK95 masks were restricted to health care workers. Thus, cloth and unfitted procedure masks were encouraged/mandated for people to wear, not to protect themselves, but in order to protect others. This was fine for 2020, when many concerned people were adamant that if they wore a mask to protect other, then others needed to wear masks in order to protect them. That is no longer the case in 2022. If you are not vaccinated or boosted in 2022, then any consequences are your choice. The vast majority of hospitalized patients are unvaccinated and unboosted by choice. In 2022 the chance of a vaccinated and boosted person with no pre existing conditions dying from Omicron is about 1 in 1 million. We are now in lightning strike territory.

Please do not subject our vaccinated and boosted business and employees to the added burden of confronting/pissing off and loosing customers and incurring online criticism from the maskers in the Centre Region who are still living in 2020. A mask mandate will continue to cripple our business. It is also, simply not following the science.

If you are concerned get vaccinated and boosted. If you are still concerned, wear an NK95 mask. Don't make the rest of us coddle your fears.

Thank you,
John R Kelly DDS

I would like to suggest that the Township Supervisors invite comment from the management of some of the larger businesses in the Township, since there is a likelihood that these business could be impacted by the ordinance. If this results in some delay, I can still wear a mask while patronizing these businesses, even without the proposed ordinance.

Hi Betsy,

I heard on WPSU this morning that the Board of Supervisors was voting on a mask mandate for businesses in the Township. I am writing you to indicate my support of a mandate. I have been continuously wearing a mask when I am in any business but have seen plenty of people without masks which I believe is very risky.

Thank you and the Board for bringing this important issue up. I hope it passes.

Hope you are doing well. Hard to believe the Holidays are behind us and we are half way through January.

Thanks,

Candace

To whom it may concern.

I am not going to debate the efficiency of masks. Everyone has their opinion and the ability to where one if they choose. I will tell you I will not patronize any business that requires me to where one.

Thanks,
